MERGER & ACQUISITION + IT RISK/PRIVACY LEADERSHIP EXPERTISE

Our M&A technology leadership experience, combined with our deep expertise in migrations & integrations, streamlines the process, mitigates risks & ensures a smooth transition for both technology & operations.

- **Evaluate readiness:** Ensure IT infrastructure, telecom, application & cloud environments are prepared
- **Third party risk management (TPRM):** Comprehensive due diligence, contract & supplier evaluations & audits, with a focus on GRC, GDPR, IT/Telecom & service provider relationships
- **Structure & negotiate transactions:** Seamless planning & transition for technology & service agreements
- **Post-transaction support:** Manage technology migration, integration & setup for continuity
- **Deal closing documentation:** Develop materials & documentation for deal closure & transition

Delivery excellence is our heart.

With a national footprint and global delivery, Threadfin has provided delivery excellence for 20 years. We leverage our Microsoft and AWS partnerships to achieve business outcomes.

Through each technology shift, we maintain our position as trusted digital transformation experts and advisors.
