# threadfin

Threadfin's Azure Services

Seamlessly migrate to, secure & optimize your cloud.
As a Microsoft Azure Service Provider, we align with Microsoft's Cloud Adoption Framework (CAF) to deliver a scalable, secure & cost-efficient Azure strategy—built for long-term success.

CLOUD INFRASTRUCTURE & MIGRATION

- Azure Migrate: Simplify cloud adoption with automated assessments & tools
- Azure Virtual Machines (VMs): Scalable compute solutions for Windows & Linux
- Azure Stack HCI & Hub: Hybrid cloud capabilities for on-premises environments
- Azure Virtual WAN & ExpressRoute: Networking & cloud connectivity
- Azure Cost Management & Advisor: Optimize cloud spend with AI-driven insights

AZURE VIRTUAL DESKTOP (AVD)

- Windows 11 multi-session & FSLogix: Streamline virtual desktop performance

SECURITY & COMPLIANCE

- Microsoft Defender for Cloud: Unified security posture management (CSPM)
- Microsoft Sentinel: AI-powered SIEM for proactive threat detection
- Microsoft Entra ID: Manage conditional application access
- Azure Firewall & DDoS Protection: Enterprise-grade network security
- Role-Based Access Control (RBAC) & Privileged Identity Management (PIM): Enforce Zero Trust principles

ENDPOINT MANAGEMENT/SECURITY

- Entra ID conditional access & MFA: Built-in Zero Trust security
- Microsoft 365 & Teams optimization: Collaboration for hybrid workforces
- Autoscaling & Intune integration: Cost-efficient, automated desktop management

DISASTER RECOVERY & BUSINESS CONTINUITY

- Azure Site Recovery (ASR): Automated failover & disaster recovery
- Azure Backup: Long-term data retention with policy-based protection

DATA & BUSINESS INTELLIGENCE

- Azure Synapse Analytics: Unified big data & data warehouse platform
- Azure Databricks: Scalable AI/ML & real-time analytics
- Power BI embedded: Interactive, customer-facing analytics & reporting

AZURE SUCCESS BY INDUSTRY

Healthcare & Life Sciences

Azure Virtual Desktop (AVD): Deliver HIPAA-compliant remote access for healthcare professionals, ensuring secure, flexible workflows.

Financial Services

Azure Stack for Hybrid Cloud: Maintain on-premises control for sensitive workloads while scaling with Azure for compute-intensive operations.

Manufacturing & Industrial IoT

Disaster Recovery & Business Continuity: Ensure 99.99% uptime for critical production systems.

Azure Firewall & Defender for Endpoint: Protect OT & IT environments in smart factories with advanced security.

Retail & E-Commerce

Azure Synapse Analytics & Power BI Embedded: Unify sales & inventory data across retail stores & online channels, enabling real-time insights & interactive dashboards for improved decision-making & customer satisfaction.

Government & Public Sector

Azure Government Cloud: Secure, FedRAMP, CJIS & DoD-compliant cloud solutions for public sector organizations.

Value creation is our calling.

The future of IT delivery is experience-driven and outcome-focused. We combine these two to create incredible value. Threadfin continuously improves the digital experience for employees and their customers to create happier, faster, smarter and safer ways of getting work done every day.
